

Atchafalaya Basin Floodway System

- **Flood Control and Environmental Protection :**

- 338,000 acres of Flowage, Developmental Control, and Environmental Protection Easements

- **Public Access:**

- 50,000 acres in fee from willing sellers

- **Water Management Units:** (2 Pilot Units and Bayou Eugene modification)

- **Recreation:** (Boat Ramps, Campgrounds, and Interpretive Center)

- **Project Cost:**

- \$264M - \$229M fed and \$35M non-fed

- **FY 04 President's Budget:** \$7,668,000

- **FY 04 Funds Required:** \$11,668,000

Project Fact Sheet

U.S. Army Corps of Engineers
New Orleans District, CEMVN-PM-W
P.O. Box 60267
New Orleans, LA 70160-0267

Date: August 25, 2003

Atchafalaya Basin Floodway System, Louisiana

PROJECT AUTHORITY: Supplemental Appropriations Act of 1985 (PL 99-88); Water Resources Development Act (WRDA) of 1986, PL 99-662. Funding to initiate acquisition of the real estate features was made available by the Energy and Water Resources Development Appropriations Act of 1988, PL 100-202.

PROJECT SPONSORS: The project sponsor is the Louisiana Department of Natural Resources.

PROJECT LOCATION: South-central Louisiana, extends south from U.S. Highway 190 to vicinity of Morgan City/Berwick, comprising the area between the East and West Atchafalaya Basin Protection levees.

PROJECT PURPOSE/FEATURES: Flood Control and Environmental Protection: Acquire 338,000 acres Flowage, Developmental Control, and Environmental Protection Easements. **Public Access:** Acquire 50,000 acres land in fee (less mineral rights). This is the largest land acquisition project within the Corps of Engineers. **Water Management Units:** Restore historical overflow patterns to enhance fish and wildlife. **Recreation Features:** Complement public access. Recreation features consist of several boat launching ramps, campgrounds, and a visitors center.

PROJECT COSTS:	<u>FEDERAL</u>	<u>NON-FEDERAL</u>	<u>TOTAL</u>
Total Estimated Project Cost	\$229,000,000	\$34,642,000	\$263,642,000
Land Acquisition	\$122,000,000	\$0	\$122,000,000
Recreation	\$ 36,000,000	\$34,642,000	\$ 70,642,000
Management Units	\$ 71,000,000	\$0	\$ 71,000,000

PROJECT BUDGET/SCHEDULE: FY 2003 funds (\$7,000,000) are being used to continue land acquisition efforts, complete the planning and engineering for Buffalo Cove WMU, complete design of Simmesport Boat Landing and advance planning and design on other recreation features. FY 2004 funds (\$7,768,000) will be used to advance planning and design on recreation and WMU, initiate construction on Buffalo Cove, and continue land acquisition efforts. \$11,768,000 will allow construction to initiate on Simmesport and Myette Point and advance construction of Buffalo Cove.

PROJECT ISSUES: None
